A modern interior hallway with dark, textured walls and a polished floor. The ceiling is dark with several recessed circular lights. A large, circular, illuminated pendant light hangs from the ceiling on the right. On the left, a potted plant sits on a dark, rectangular base. In the center, a tall, narrow, illuminated display case contains a white, abstract, twisted sculpture. The hallway leads to a bright light at the end, creating a strong sense of depth and perspective.
